ifia/HFE JAPAN 2010 is the PERFECT Place to Establish New Business Relationships in Japan !

Specialized zones under the particular theme make ifia/HFE JAPAN unique, and bring target visitors more efficiently. Check out following theme zones and find the best place to stand a booth!

Features of ifia 2010

If you wish to showcase your products and services particularly to food manufacturers in general, ifia is the right place for you!

Features of HFE 2010

If you wish to showcase your products and services to healthy food or functional food sectors, HFE is the right place for you!

◆ <ifia> Confectionery Material Zone **New!**

This zone features Ingredients/material and related packaging materials to be used for confectionery products, with targeted visitors including Confectionery manufactures, Retailers, Distributers, and Pastry chef.

◆ <HFE> Sports Nutrition and Anti-Fatigue Material Zone **New!**

This zone features evidence based ingredients/materials that promote enhancement of motor function, anti-fatigue, such as Amino acid, Peptide, Astaxanthin, L-carnitine, Glucosamine, Collagen, Conezyme Q-10, CLA(conjugate linoleic acid), DHA, MSM, etc. Targeted visitors include; Sports industry related firms, Functional beverage manufacturers, Research & Product development & Manufacturing of nutritional supplement etc.

◆ <ifia> Vegetable & Fruits Origin Ingredients Corner **New!**

This zone features vegetable and fruits origin ingredients such as Apple, Acelora, Grapes, Citrus, Berries, Tomato, Garlic, Onion, Herbs, etc. to be used of all sort of food products. Targeted visitors include; Beverage, Confectionery, Bakery, Health food, Frozen dessert etc.

◆ <ifia> UMAMI Zone

This zone features ingredients to be used for making artificial seasonings, compound or premixed seasonings, Salt, Spice, Herb, Vinegar, Soy source, Miso paste, Taste sensing system, with targeted visitors including Food manufacturing, Distribution, Wholesalers, Retailers, Food service Industry, etc.

◆ <ifia> Flavor World

This zone features flavor related ingredients/materials with targeted visitors including Beverage, Confectionery, Bakery, Health food, Frozen dessert etc.

◆ <ifia> Ingredients / Materials for Deliciousness and Health Zone

Responding to the requests from exhibitors who wish to promote their products to both ifia and HFE efficiently, this zone has newly-established since 2008.

◆ <ifia> Food's Safety Science Zone

This zone features scientific evidence on food security and safety such as Inspection techniques on Anti-allergy, Anti-noro virus, Agricultural chemicals, and Micotoxin, Microorganism inspection, Sanitation management system, Traceability, Technology on Food safety and quality improvement. Targeted visitors include; Researchers dealing with food safety, and Quality control, Quality manager, Food manufacturing technologists, etc.

◆ <HFE> Preventive Healthcare & Functional Food Zone

This zone features interactive connection between healthcare and food, and provide with new ideas for future product developments. Targeted exhibitors include; Evidence-based ingredients, Preclinical / clinical manufacturing service, Laboratory testing kits/devices, Universities, Research institutions etc., with targeted visitors including Researcher, Product development of food manufacturing, Pharmaceutical, Medical doctors, Pharmacist, Nutritionist etc.

◆ <HFE> High-Value Added OEM Zone

This zone features Original Equipment Manufacturer, Prescription, Extraction, Purification, Packaging, Drug Formulation, Emulsification, Powering, etc with targeted visitors including Beverage, Supplement manufacturer, Wholesalers, and Retailers etc.

Seminars/International Symposiums

One of our great attractions....

Seminars and International Symposiums

Our world-class workshops and educational forums bring together influential speakers and individuals who address key topics and debates within the food ingredients industry. The speakers address fundamental issues and highlight new products and solutions within the industry. The educators bring ifia/HFE unique experiences, studies and theories, and inspire a mutual respect amongst industry peers who wish to stay abreast of the latest market developments. In 2010, we will offer practical seminars including export and import procedures on food products, and its punitive clause, future prospects on food industry at global level, etc. Check our official website for up-to-date information on seminar program.

Gateway to Japanese Market!

Join us at ifia/HFE JAPAN 2010! We are the leading food ingredients and additives event in Japan. Well-established quality of the event and its visitors brings exhibitors back every year and draws in a steadily growing number of new faces. Participation in ifia/HFE JAPAN is a great way to launch into Japanese market, and showcase your products and services to many key decision makers in the industry in one place at one time.

ifia JAPAN Profile

Now in its 15th year, ifia is the Asia's largest event dedicated solely to the food additives and ingredients industries. Due to the sharp rise in food raw materials price, never before has the demand for additives and alternative ingredients been so high. As a result, interest among buyers is at an all time high.

If your company deal with products below, sign up for your stand at ifia!

Acidulant, Alternative Oils&Fats, Antioxidant, Bio-technology, Coloring agent, Conditioning agent, Confectionery ingredients, Dairy products, Egg products, Emulsifier, Enzyme, Fibers, Flavorings, Fructification products, Gelation Agent, Herb and spice, Hydrocolloids, Lactic acid bacterium, Meal substitutes, Meat&Seafood products, Oils & Fats, Polysaccharide, Premixed seasonings, Preservatives, Protein related ingredients, Reinforcement, Seasonings, Seeds, Soybean products, Starch, Starter Culture, Sub-materials for alcoholic Liquor, Sweeteners, Tea, Testing equipment for ensuring safety and security on food, Thickeners, Yeast and more...

HFE JAPAN Profile

Now in its 8th year, Health Foods Expo is a leading exhibition for manufacturers and suppliers in the health conscious Japanese market. Increased focus on the benefits of healthy diets, balanced meals and other nutritional means will continue to play a major role in the consumer selection process.

If your company deal with products below, sign up for your stand at HFE!

Alternative healthcare related food products, Amino-Acid, Beauty-care food, Commissioned manufacturing firms, Commissioned Testing firms, Dietetic food, FNFC(food with nutrient function claims), FOSHU (Food for specified health use), Health Foods, Herbs, Juices, Low-cal foods, Malt extracts, Minerals, Nutraceuticals foods, Nursing-care food, Natural foods, Organic food, Organic vegetables, Supplements, Analytical test technology, and equipments, Vitamins, Cachet / package / containers for health food, and more...

5 Reasons Why You Should Exhibit

- Asia's largest event covering food ingredients and additives, and health food sector
- Over 33,000 expected buyers from across Japan for your products and services
- An aggressive audience promotion campaign ensuring you the right audience at the right time
- A high-level, three-day educational forums attracting senior-level buyers and decision-makers
- Cultivate meaningful relationships and develop strategic partnerships with Japanese and international companies.

2009 Show Report

	ifia JAPAN	HFE JAPAN
Exhibitors	321	80
Exhibit Scale	5,085 sqm	1,323sqm
Number of Attendees	26,315	

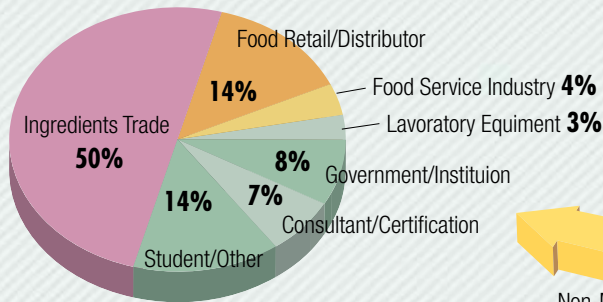

● Number of Attendees by Year * In 2009, Decline of attendees due to epidemic of Influenza A (H1N1).

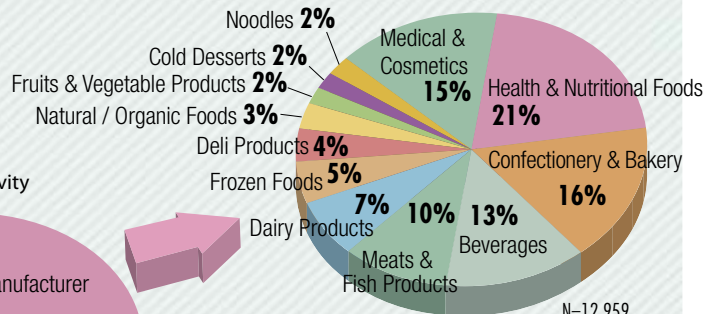

Attendees Analysis

68% of Non-Manufacturers are Food related buyers!

TOP 3 of Attendees are from Health & Nutritional Foods, Confectionery & Bakery and Beverages Industries!

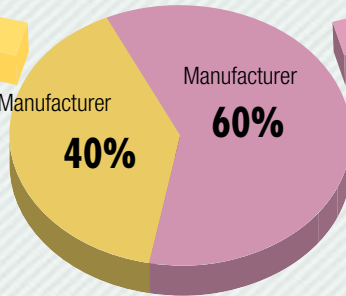

Breakdown of Food-Related Manufacturers

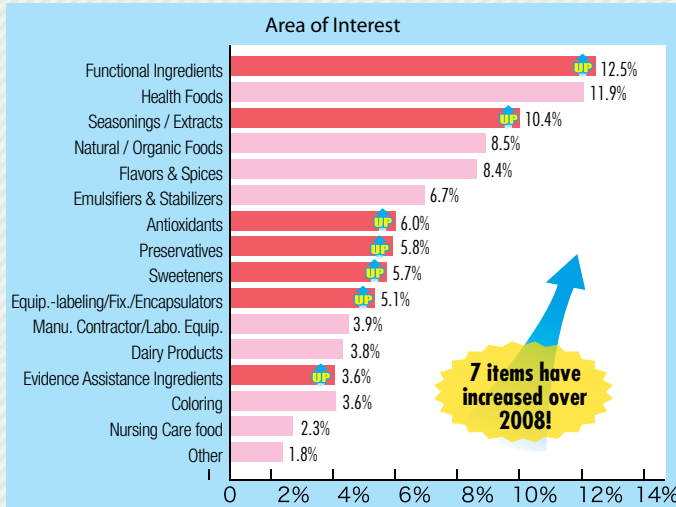

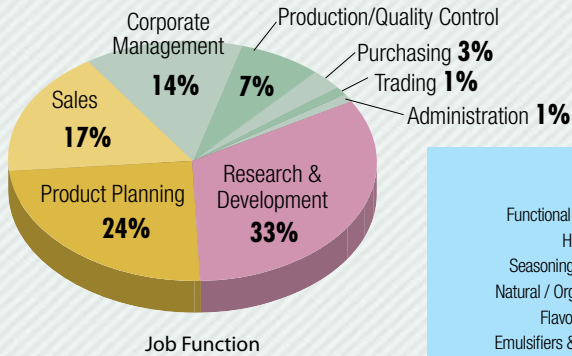

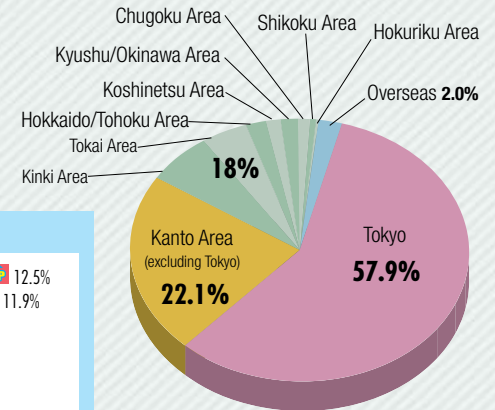

Breakdown of Non-Manufacturers

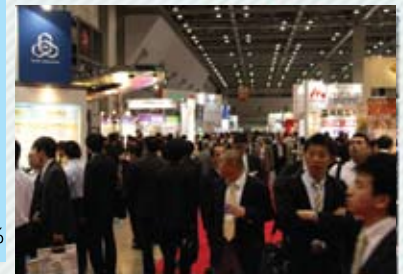

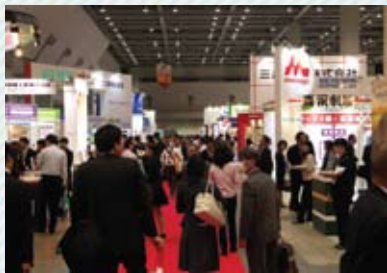

Main Activity

Breakdown by Area

7 items have increased over 2008!

Throughout the show, a total of 291 Seminars / Presentations were given in 2009 and attracted professionals from the Food industry! ifia/HFE JAPAN 2009 held the conference/presentations with the themes as below

Conference:

- World food additives forum
- Bakery/Confectionery development and marketing seminar
- Food's safety science forum
- Restaurant & Home-meal menu development and new proposal Seminar

- Sports nutrition symposium
- Beauty-effect & Functional beverage development seminar
- World's Control on functional food & marketing seminar

Corporate Presentation:

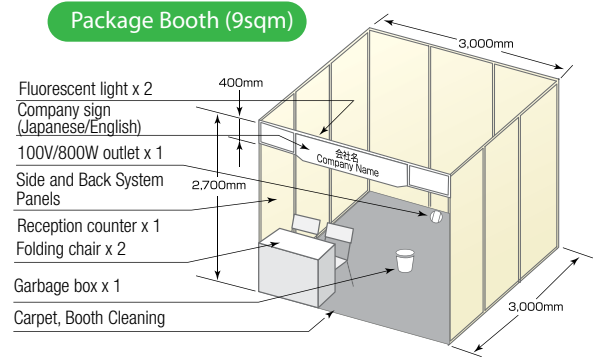

- Method for utilization of gelatinizing agent and thickener for low fat and calorie food
- Analytical technology for food claim
- Miniaturization technology for Beverage Development
- New aspects of L-Carnitine – Activating effect for Aged brain function
