

**BULGARIAN CHAMBER OF
COMMERCE AND INDUSTRY**

TOP 100

**Bulgarian companies
leading in the economy
in 2013**

Edition 2014

THE CLASSIFICATIONS OF THE BULGARIAN CHAMBER OF COMMERCE AND INDUSTRY “TOP 100 BULGARIAN COMPANIES LEADING IN THE ECONOMY IN 2013”

DEAR FRIENDS AND BUSINESS PARTNERS,

I am glad that for the 16th time now, just a year before the data of the national statistics, we are able to present to your attention our rankings “TOP 100 Bulgarian companies leading in the economy”. The classifications made by the Bulgarian Chamber of Commerce and Industry are based on objective economic data from the financial reports of 6230 companies realizing 82.05% of Bulgaria's gross domestic product for 2013, which endues the rankings with enough representativeness.

The following well-known criteria have been applied:

- Alteration of net sales revenue 2013/2012
- Maximum value of profit in BGN on 100 BGN equity in 2013
- Decrease in liabilities in 2013 compared to 2012 with positive financial result and sales revenue growth in 2013 compared to 2012
- Alteration of the financial result in 2013 and 2012
- Maximum value of sales revenue and profit for 2013 in the National Planning Regions

BCCI allows each company to be able to check its place in the extended classifications TOP 1500. Those who have not participated yet, may enter their results, thus be permanently included thereto. TOP 1500 classification is available at the following address: http://www.bcci.bg/top1500/index_2013.html

Due to increasing interest, the winning companies in TOP 100 or TOP 1500 will again have the chance to obtain a certificate stating their current position in the rankings or the place they have held before. This is an effective way to show achievements to current and future partners.

Congratulations to all winners, as in times of hardships, to be placed into the rankings is a good reason to be satisfied by the achievements made.

I wish to render thanks to all internees of the two elite high schools of economics in Sofia: the National High School in Finance and Business and the National Trade and Banking High School for their participation in processing of the data.

TSVETAN SIMEONOV,
BCCI PRESIDENT

Business Support at Your Doorstep

Enterprise Europe Network

Business support at your doorstep

Enterprise Europe Network (EEN) is the biggest information and consultancy network in the world, providing services in support of small and medium-sized enterprises (SME). With more than 600 business organizations in more than 50 countries in Europe, Asia, North and South America, EEN maintains one of the biggest databases for business and technological cooperation in the world.

EEN assists SMEs to fully exploit the opportunities of the European market, by providing business and innovation services in “one stop shop”. The network increases the awareness of the business community regarding EU policies, environmental protection, ecological efficiency, Cohesion policy, Structural funds and SMEs feedback on EU legislation and policies.

The Network in Bulgaria is represented by 14 organizations, whereas the **Bulgarian Chamber of Commerce and Industry** is one of its hosts.

Through its 3000 experienced experts, specialized in the provision of information and consultancy services to SMEs, the Network could support you and provide you with the following information:

- Entering new markets
- Finding potential partners for business and technological cooperation
- Technology transfer
- Access to finance
- Legislation and EU standards
- IPR protection
- Feedback on EU policies

Teletek

electronics

Intruder and Fire Alarm Systems

Teletek Electronics is a Subsidiary of Teletek Group Holding, Bulgaria.

Today, 23 years after the establishment of Teletek Electronics JSC, we continue to create, research and realize new ideas for better intruder and fire security products.

In order to meet our clients' contemporary and growing needs, we started researching and introducing not just separate products, but complete security and fire alarm system solutions, suitable for large range of applications - residential homes and small offices, houses, country houses, medium to large trade and office buildings (including storehouses, supermarkets, etc).

On the basis of the reliable client feedback we continue improving the quality and features of our product range. We believe in addressing our customers' needs no matter how small or big they may be.

We are proud we can provide effective Customer Support by facilitating:

- Requests processed on the day they are received
- Help desk for customer technical support
- Training - In-house or On site

As recognition for its high quality and reliable production Teletek Electronics JSC is awarded with ISO 9001:2008 Certificate.

Teletek Electronics JSC has already established itself as a Company with traditions and reliable solutions in intruder and fire alarm systems - our products are already well known in more than 65 countries all over the world.

BULGARIAN CHAMBER OF COMMERCE AND INDUSTRY

The main purpose of this presentation is to review the processes of the Bulgarian economy. It should not be used for investment decisions, as a precondition for the conclusion of commercial agreements and decisions leading to financial consequences. The BCCI recommends the primary sources of information to be referred when necessary.

The methodology of BCCI's classification "TOP 100" includes only non-financial companies which have ended 2013 with profit and sales revenue of more than BGN 100 thousand in 2012. Additional condition for the ranking by decrease of liabilities is the requirement for the companies to have had liabilities of more than BGN 100 thousand in 2012.

Compiled by: Olga Chugunska, Alexander Dimitrov

NEOCHIM PLC
FERTILIZERS INORGANIC AND ORGANIC CHEMICALS

Neochim PLC is a leading producer of nitrogen fertilizers in Bulgaria. A significant part of Neochim's production is exported to the international market, where the company maintains steady positions. Neochim PLC is the only producer of sodium nitrate and ammonium bicarbonate in Bulgaria. In the autumn of 2007 the company introduced a production line for mixed fertilizers NPK /blend/. The production capacities allow for changing the ratio of nitrogen, phosphorus, potassium in an extremely wide range, consistent with the soil, crops and according to the client's needs.

Neochim PLC performed a revamp of the ammonia unit through its integration within the production complex as a whole, by utilizing the most effective manner for the complex in general and for the unit itself. An economy of around 10 million cubic meters of natural gas consumption was registered for the year 2013, with an approximate 6,5 million BGN economized.

Neochim PLC

MOBILE APPLICATION BG BARCODE

BG barcode

Products marked with a GS1 barcode receive an identification number that is unique worldwide. By scanning the barcode using the mobile application BG Barcode, you will be able to:

- check the legitimacy of barcodes issued by GS1 Bulgaria;
- get information about the manufacturer or distributor of the proper product.

For barcodes issued by other GS1 national organizations, the application refers to the Global register GEPIR.

BG Barcode allows verification of barcodes and products worldwide.

The mobile application is free and designed for iOS and Android devices.

GS1 National Organization for implementation of global standards for automatic identification and data capture

GS1 Bulgaria updated their system and website to facilitate communication with businesses and provide additional services to its members. From September 2014 the current and future members of the organization will have to register their account on the site of GS1 Bulgaria through to:

- Apply for an identification number for marking their products with GS1 barcode;
- Manage and monitor all processes related to membership in the organization;
- Have access to documents such as proforma, invoices, certificates, etc.;
- Generate logistic labels;
- Create and manage own product catalog;
- Quick and easy to update company data, when changes appears.

GS1 - THE GLOBAL LANGUAGE OF BUSINESS
