# modules

Everything you need for a successful start in three all-day modules.

GreenUP will provide you with theoretical and practical knowledge about the design, validation and growth of an idea. The intensive program will introduce you to other active entrepreneurs and mentors with whom you will work together in order to develop the full potential of your B2B or B2C strategy.

## business

Who are your customers? Is there a market for your product? How will you insure against uncertainties in the current economic climate?

[SEE MORE](#)

## ecology

What is your imprint? Are you solving a significant problem? How does your business fit into the context of a green future?

[SEE MORE](#)

## start-up

How far can your idea go? Do you know the market you are aiming for? Can you sell your idea to investors?

[SEE MORE](#)

Thank you!
