## Proposed Initial Minimum Fencing Requirements

### Galvanised Mild Steel Uprights – As Per Design

40x10mm Steel – Punched and Drilled

Additional 8mm Thrust Plate

1600 pcs per month

### Galvanised Mild Steel Joining Posts – As Per Design

50x10mm Steel – Punched & Drilled with Tube at Top

Additional 8mm Thrust Plate

400 pcs per month

### Galvanised Mild Steel Fencing Rails

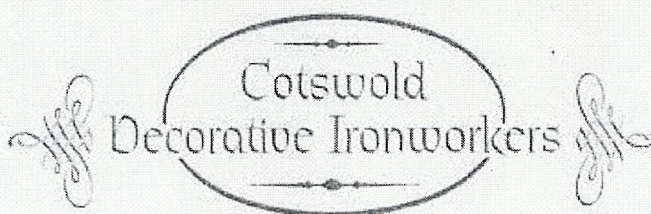

20mm Solid Round Top Bar – 2000 metres/month

25x8mm Flat 'Notched' Bar – 2000 metres/month

25x8mm Flat 'Cranked' Bar – 6000 metres/month

Additional Styles, Heights and Configurations would also be needed, so any producer would need to be able to manufacture the above as a minimum. In recent years we have risen from producing 25-30 km/year to approximately 35-40km/year.

In addition to the Fencing, we produce a full range of matching gates. 900mm wide upto 3600mm wide. Again in various Styles, Heights and Configurations. Approx. 2000-2500 pcs per year
