SAFFRON

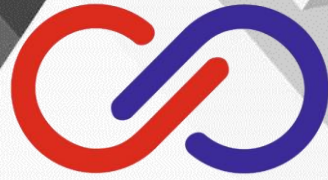

OUR PRODUCTS

SAFFRON

Saffron is a spice derived from the flower of *Crocus Sativus*, commonly known as the “saffron crocus”. The vivid crimson stigma and styles, called threads, are collected and dried for use mainly as a seasoning and coloring agent in food. Saffron has long been the world’s costliest spice by weight

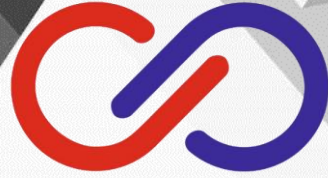

OUR PRODUCTS

petrochemical products

Major export products include heavy polyethylene, light polyethylene, linear light polyethylene, polypropylene homo polymer, polypropylene copolymer, polyvinyl chloride (PVC), polyethylene terephthalate (PET), polystyrene, bitumen and all petroleum derivatives.

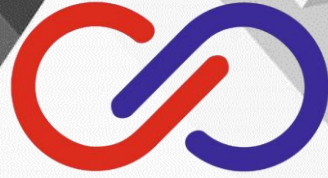

OUR PRODUCTS

METAL

The metal industries process non-ferrous metals such as aluminum, copper, and zinc; and ferrous materials such as steel. Both sectors are very important to the EU's economy, competitiveness, and industrial development.

OUR PRODUCTS

CEMENT

Iran was ranked the world's seventh biggest producer of cement in 2020 by the United States Geological Survey, with an output of 60 million tons.

The ranking is unchanged compared with 2019. Our company has the capacity to export cement as well as clinker.
