

HARSÁNYI YELLOW MUSCAT

MEDIUM DRY, 2016

GRAPE AND WINE DATA

Name of slope(s): Megyer

Grape varieties and proportions: 100% Yellow Muscat

Aging: 100% steel tanks

Period of aging: 5 months

Bottled: February 2017

WINE ATTRIBUTES

Alcohol content: 12%

Residual sugar: 9 g/l

Acidity: 6.3 g/l

DESCRIPTION

Crystalline, translucent colour. Its bouquet is characterized by flowers of grapevine and freshly pressed grape juice. It exhibits light fruitiness, which harmonizes perfectly with a little bit of lychee. Due to the ideal balance between acidity and sugar, and also because of its complexity, one glass is never enough.

DRY, 2016

GRAPE AND WINE DATA

Name of slope(s): Királyhegy
Grape varieties and proportions: Furmint 100%
Aging: oak barrels
Period of aging: 3 months
Bottled: April 2017

WINE ATTRIBUTES

Alcohol content: 10.5 %
Residual sugar: 3.9 g/l
Acidity: 7.1 g/l

DESCRIPTION

Light lime colour, enchanting bouquet. Beautiful spiciness and the smell of salty air, characteristic of the slope, emanate from the glass. Its flavour follows on nicely from the elegant, salty, tight character of the bouquet. Very light body, but its taste still remains in our mouths for a long time. Careful! The bottle empties very quickly.

Grape varieties and proportions: Furmint 100%
Aging: oak barrels
Period of aging: 6 months
Bottled: May 2017

WINE ATTRIBUTES

Alcohol content: 15.5%
Residual sugar: 14.5 g/l
Acidity: 9.5 g/l

DESCRIPTION

It becomes immediately apparent to the observer that this is no ordinary, everyday wine. It rolls around in the bottle slowly as you turn it, and also takes its time to trickle down the side of the glass. Its bouquet is bewildering; fresh and fruity, but mature and sweet at the same time. Amazingly, it also has a salty character, which rounds out after tasting. The first sip brings with it everything felt in its bouquet. Tight acids, alcoholic sweetness and a harmonious residual sugar level. A wine with tremendous aging potential, at the beginning of its life cycle.
